# Maintenance Corner:

1. For your own safety and for that of your neighbors, dry off completely after being in the swimming pool and before entering the clubhouse bathroom. Although there are mats down, tile floors can become slippery when wet.
2. Fans can make the temperature seem 10 degrees cooler, tremendously reducing your need for an AC.
3. Reminder we can change filters or if you would like to change your own you can request from office to pick up.

## Annual BBQ

July 7th

11am-1pm

R.S.V.P By July 5th

## Frozen Watermelon Popsicles

### Ingredients:

Half of a seedless watermelon

Popsicle Sticks

### Directions:

1. From your watermelon, cut off one half moon of a slice about 3/4 inch thick. Trim off the rind. Poke off any pale seeds that are showing and then cut the slice into 3-4 triangles.
2. Lay one triangle of watermelon on a cookie sheet. Slide a popsicle stick in at least halfway .
3. Repeat with remaining watermelon until you have as many popsicles as you'd like.
4. Spread the slices out on the cookie sheet so that they're not touching. Freeze on the cookie sheet 3-4 hours, until frozen through.
5. Eat or wrap watermelon popsicles individually in plastic wrap and return them to the freezer where they'll keep for 5-7 days.
