## Maintenance's Corner :

- Please move cars at specified times to prevent towing (10am weekdays and 11am weekends)
- Please remove all mats from entrances, they will get stuck in the snow blower
- During a snow storm, it is crucial to have residents move vehicles at least 1 time per day so that we can properly clear the snow.
- While parking vehicles, it is important to remember to not park over the sidewalk. We need to be able to get the snow plow through to clear the snow.
- If you are planning to leave your apartment for long periods of time, please be sure to set your thermostat to 55 degrees while you are gone. Also, you need to notify the leasing office that you will be out of town. Vehicles may be parked in front of the leasing office while you are gone.
